Good afternoon Jeff,
There were a couple comments not addressed in the previous label, so I've included them here.
Best,
Lydia

Hello Lydia,

I have made the requested changes to the proposed BAS 183 36 H herbicide labeling, and have attached both a clean copy and the annotated copy with the changes that were made.

I understand that we are still waiting on the Acute Tox and Product Chemistry reviews, but please review the changes and let me know if you have any additional changes at this time.

Thanks,

Jeff
